

A meeting was held on July 4, 2010 at the Highland LBW Rodeo. Twelve people were in attendance. The discussion was brought up about switching out some of the junior bulls for ones that might buck better. It was asked about flanking them but since it had not been done for the first part of the season, it would not be fair to do it for the last part.

Gary looked at some new bulls but didn't find anything better than what we have.

Holmen LBW needs bios for all contestants and signed waivers for them to be on the televised broadcast of that rodeo.

The suggestion was made about going to a 2 go rodeo. We would like input from people. Email or call with your feelings on this be either positive or negative. It would need to be decided on prior to the banquet as contracts are sent out before that.

Another idea suggested was a top 20 rodeo with those points possibly weighted more toward year end. Please email or call with thoughts on this also.

Help is needed very badly at all the rodeos. Few people are volunteering to help and the ones that do it all the time are getting burnt out. This is a volunteer organization so everyone has a stake in how it is run. The low number of attendees to the meetings is a prime example of how few people help out. We all want to keep this going for our kids but the help needs to be there. If you don't know how to do something to help, just ask. Anyone can help swing a gate or time or whatever needs done. It

should not always be the same few people at a rodeo doing all the work. We would all like to watch our kids compete but someone has to keep the show running also.

Next meeting will be at Prairie du Chien, Aug.1 at 10 a.m. Please try to attend.
