Mauston Pumpkin Batch contestants need to be at the Juneau County Fairgrounds on Hwy 58 in Mauston before 10am to check in with a meeting to follow at 10am. A liability waiver will need to be signed at check in so parents also need to check in with their contestant. Another Pumpkin Bash is being held outside of Mauston but that is not where the LBW rodeo will be held, we are at the fairgrounds. Just a reminder, we need to keep the show moving. We have five hours to get through a total of 156 runs so everyone needs to be ready when called to be in the arena. The steel at Mauston is being set on Oct. 17 starting at 10 am and all help is greatly appreciated. Remember, we all need to help tear down the steel following the rodeo on the 24th.

Gordy Sullivan, one of the founding fathers of LBW passed away recently. Our sympathy goes out to the family.
